COMPANY PROFILE : The American Red Cross provides complete emergency preparedness solutions to help you meet OSHA guidelines and prepare your employees to save lives. Tailored to accommodate your budget and schedule, Red Cross offerings include first aid/CPA/AED training; bloodborne pathogens training; and disaster preparedness education.

FIRST AID SKILLS CARD

Designed for use in American Red Cross First Aid training or as a stand alone reference, this durable, fold-out skills card has been updated with the latest science for first aid. Easy-to-read instructions and full-color photographs present complete skills in a step-by-step manner for a variety of first aid emergencies, such as burns, poisoning, shock, stroke and head, neck or back injuries. The skills card now also includes information to support optional training on administering an epinephrine auto-injector or asthma inhaler.

[For information or to order, click HERE.](#)

BLOODBORNE PATHOGENS TRAINING

This manual is designed for use in the Bloodborne Pathogens Training Preventing Disease Transmission course, which teaches participants how bloodborne pathogens are learned, how to prevent exposure and what to do if exposed to infectious materials. Updated to meet OSHA's Bloodborne Pathogens Standard. 21 pages, full-color.

[For information or to order, click HERE.](#)

FIRST AID AND EMERGENCY PREPAREDNESS QUICK REFERENCE GUIDE

This durable, comprehensive guide provides step-by-step directions for responding to a variety of first aid emergencies and sudden illnesses, as well as disaster preparedness information. The guide is ideal for a first aid kit, glove compartment or office drawer.

2011 EHS Buyers' Guide

Integrated Media for Maximum Results In Print

The 2011 EHS Buyers' Guide is an invaluable year-round reference for 82,874* buyers in the safety, health and environment field. The 2011 EHS Buyers' Guide, included in the April issue, is a comprehensive print and online guide to PPE protective equipment and clothing, training, instrumentation, first aid and emergency supplies and environmental products. As a display advertiser, you receive unlimited listing opportunities that build on your efforts to promote product awareness and preference for all your products. It's an issue that readers will keep on hand throughout the year – and an opportunity that you can't afford to miss!

Online

The online component of the EHS Buyers' Guide makes your information available to prospective customers 24/7 and places your website one click away. The EHS Buyers' Guide features an easy-to-use database and is searchable by category, keyword or company name.

Maximum Exposure

Move your online listing to the front of the line with an Enhanced Online Listing. Your Enhanced Online Listing is at the top of search results in the EHS Buyers' Guide. It can be browsed by category or explored via keyword searches. Also EHS Today magazine subscribers will be directed to your Enhanced Online Listing for more information on your company and products.

An Enhanced Online Listing includes:

- Complete contact information including active website and email links.
- Company logo.
- Company description.
- Three products posted online.
- Unlimited online categories.
