and Reduce Your Operational Costs.

With Nescafé® Taster's Choice® Stick Packs you can create the Perfect Cup, Every time!

PERFECT TASTE - Quality & Freshness

- Nescafé® Taster's Choice® Stick Packs were preferred by consumers over the most popular national brands in 8 of 9 blind taste test attributes!¹
- Offers a freshly made and consistent taste profile crafted from high quality, hand-selected beans, perfectly roasted to create a smooth and delicious coffee.
- 100% pure coffee without the cost and hassle of the preparation. This exceptional solution reduces your foodservice costs and increases your profits.

PERFECT FIT - Stick Pack Advantages

- Versatile format enables a freshly made cup of coffee for each customer, one cup at a time, without having to brew a full pot.
- No more messy grounds, decaf waste, or pots to clean.
- Individually-sealed packs guarantee freshness and allow for an extended shelf life.
- Saves money on storage, equipment, labor and waste.

PERFECT FORMAT - Applications

Stick packs are a must have for any Foodservice operation such as:

- **Travel & Transportation:** small footprint and low weight perfect for mass-sensitive operators (airplanes, trains, etc.)
- **Hotel & Motel Accommodations:** perfect for in-room and lobby service
- **QSRs & FSRs:** perfect solution to minimize waste – especially on Decaf
- **Healthcare:** help control food and beverage costs in cafeterias, doctor's lounges and nursing stations
- **Business & Industry:** decrease costs associated with equipment purchase and maintenance
